

## Moderator's Report - 2019

This has been a good year and the end of a decade.

We have had a lot of participation in our "adopt program" (*for Trustees To-Do List*). Thank you to all who have helped with this as it helps the budget. We will continue this program in the future.

Thank you to Pastor Gaye for her sermons, organist Susan for her beautiful music, choir and hand bell director Stevie for her direction in singing and playing hand bells. Also, to Danny and Robyn for starting the children's handbell choir. They were excellent Christmas Eve. Thank you to the Trustees for their help in taking care of the church and the money. Tina has done an outstanding job this year. And as always thank you to the boards who give of their time and talent to keep the church running. Please read their reports to see what all has been done. Catherine and Deb have worked hard to keep the church and office looking good on the inside, thank you. The pantry and our Lay Leader for WestSide Cares, Arlene Penman, have done a great job of taking care of our neighbors with food. Thank you to all who service the pantry every Friday from 12 to 2pm.

We had a change in our staff in April with the retirement of Patsy Adams, after 40 years, and the hiring of Augusta Fleming to be our Director of Communications. It has been strange not seeing Patsy in the office when you go there. Augusta has been very helpful with her technology experience. She is very outgoing and friendly and if you get the opportunity please introduce yourself so she knows all the people in the congregation.

I would like to thank everyone for their support this year. If there are any questions or problems, please contact me. My email is [elvis.2178@yahoo.com](mailto:elvis.2178@yahoo.com) and my phone is 719-597-5673. I look forward to working with you all again in 2020.

Happy New Year,

Respectfully submitted,

**Linda O'Riley**
